

FiltroGlobal LLC has the products for your filtration needs.

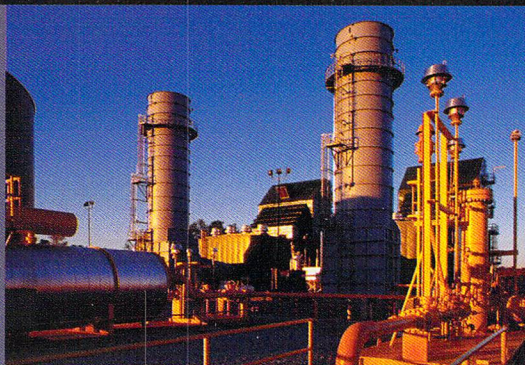

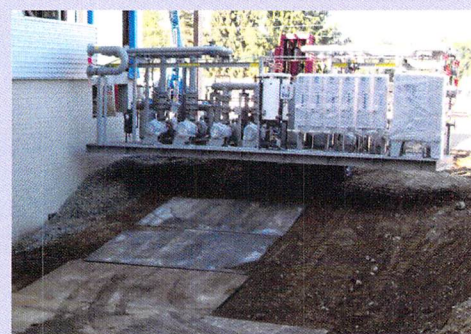

Meet and exceed your discharge limits using proven technology that is the best available and cost effective.

Catalyst Hopper Vent Filters
FCC Fourth Stage Separators
FCC Flue Gas Filters (replacing ESP)
FCC Slurry Oil Filters
PE/PP Catalyst and Dust Filters
Sand and Media Filters
Coalescer, Cartridge, and Bag Filters
DAF (dissolved air flotation)
Ion exchange resins and systems
Carbon bed and activated carbon
Filter presses
Pump, compressor, and filter packages
pH adjustment
Industrial wastewater treatment systems

About us

FiltroGlobal LLC is a supplier of world class filtration, water treatment, and environmental equipment.

Our purpose is to bring proven filter and treatment technology to our clients in the refining, petrochemical, general industrial, and power generation markets.

Filtroglobal LLC

providing clear solutions in a dirty world®

FiltroGlobal LLC

FILTRATION AND ENVIRONMENTAL EQUIPMENT:

ROYAL DAHLMAN- Catalyst Dust Removal, FCC Hopper Vent Filters, Third Stage/Fourth Stage Separators/Full Flow Filter, PE/PP catalyst and dust filters, Sand/Multimedia filters for cooling and process water, and more.

LAKOS- Filter solids down to 20 micron without filter media.

SHARPSVILLE CONTAINER- pressure vessel and container fabrication.

EVOQUA- Filter presses.

MOHR SEPARATIONS RESEARCH INC.- Oil water separators. coalescing plate separator systems/retrofits.

SYSTECON, INC.- Modular central plants are custom designed, factory assembled, and performance tested, Plants integrate chillers, boilers, generators, cooling towers, heat exchangers, and controls.

JOHN BROOKS MDA- Filter vessels and media including cartridges, bags, coalescing filters, strainers, and packaged systems including chemical injection, pH adjustment, membrane filters, carbon beds, ion exchange, and more.

DAF/DGF SYSTEMS, ION EXCHANGE, CLARIFIERS, AND

Gas Treatment: Deaerators, Degasifiers, Electrostatic Precipitators, DeNOx, DeSOx, SCR Ion exchange: Make-up Demineralizers, Condensate Polishing Boiler Feed Water Treatment Packages pH Adjustment Radioactive liquid and solid waste treatment
